The other baking powders known in this vicinity are shown by chemical tests to contain from 20 to 80 per cent. less leavening-gas than the Royal. So the Royal, even should it cost more than the others, would be much the cheaper.

In addition to this the superior flavor, sweetness, wholesomeness and delicacy of the food raised by Royal Baking Powder would make any difference in cost insignificant.

When the Royal makes finer and more wholesome food at a less cost, which every housekeeper familiar with it will affirm, why not discard altogether the old-fashioned methods of soda and sour milk, or home-made mixture of cream of tartar and soda, and use it exclusively?

There was a good attendance at Arion hall last evening at the first public rehearsal of the season by the Opera House Orchestra. The programme printed in Saturday's INTELLIGENCER was artistically rendered, and the audience was hearty in its approval. Charles Arnett, whose bad fall from a third story window on Market street last Tuesday night will be remembered,
